Client Testimonials

Working at LockMart for over five years has afforded me with many experiences of solving complex challenges, particularly in the three years I have been a Programme Manager in Lockheed Martin's Cyber & Intelligence market stream.

- **Ajay Singh, Sapne Inc**

I have been working for LockMart for nearly 15 years, joining straight from university as a graduate Human Factors Engineer. I have always been an openly proud member of the LGBTQ+ community, but I did not feel comfortable to be myself in a professional environment initially

- **Juhi Sharma, Ghosh Inc**

My military service ingrained in me the importance of working together and creating a good team ethos within the organisation and within the wider stakeholder (customer) communities. I bring this with me back into Lockheed Martin and have been very successful in building relationships and teams within the wider customer/stakeholder group – leading to great results for Lockheed Martin and our customer.

- **Atul Shah, Alibag Pvt.**
